Improper dressing will not be allowed next term. Please comply by cooperating with us.

PUNCTUALITY

They say punctuality is the soul of business. We really appreciate the enormous sacrifice of parents for bringing their ward(s) to school and picking them immediately after classes. However, we have observed that a larger percentage of the children come to school late. We therefore urge our parents to endeavor to bring our children on time. Our resumption time is 7:30 am and close at 3:00pm: Monday – Thursday and 12:30pm on Friday for Nursery/primary.

ELECTION OF PREFECTS FOR 2015/2016 SESSION

The election was held by means of the open ballot system. Both teachers and pupils had the privilege to vote for the candidate of their choice in a very safe, clear and transparent manner. Result of the election developed the following in their various positions.

SKILL ACQUISITION

In line with the Federal Government’s skill acquisition programme, pupils were taught how to make liquid soap, air freshener and Vaseline jelly in the cause of the session, apart from academic. Pupils were able to produce the above mentioned products on their own. Some of these products were displayed and purchased by parents; in order to support and encourage our pupils. This vision should not stop here. Rather parents should provide all the necessary materials for pupils to continue the production at home.
